

Dear Monete, Lawrence, Rebecca, Ray and Michael October/30/2015

I want to thank you very much for the kindness's you all showed towards my Aunt Lucile while in you care Gold Coast Senior Living. Please do not look at her release from her body as a loss. She had work to do with you that can only she could accomplish. We all have to do this work to enter Heaven.

I wrote out my thoughts for you, you are doing a great service for those that enter each of the Gold Coast Senior Living, loving, caring homes and prepare for the promise God made to us all.

Thank you for taking my phone calls and passing on information on my Aunt Lucile i would have never received without you.

God Bless
